
Midlands Partnership Foundation Trust are undertaking a large-scale transformation plan and exploring services in local communities. **We** are pleased to announce an **exciting opportunity** for Staffordshire residents to become **co-producers'** in the development of the **new Mental Health Services**.

We are particularly interested in hearing from people who live in one of the following localities:

- Tamworth**
- East Staffordshire**
- Cannock**
- Seisdon**

Whether you regularly use Mental Health Services, have used them in the past, or want to share experiences on behalf of a loved one, **we would love to hear from you**. As a 'co-producer' you are able to be involved as much or as little as you would like.

This is a great **opportunity for residents** to have their voice heard and make a positive impact on the development and commissioning of new Mental Health Services in their local area.

Please contact Deborah Faulks on **07876 897098** or **deborah.faulks@weareecs.co.uk** if you are interested or would like more information.
